Guinea-Bissau - J5 Erik Sjölund SMØAGD returns to J5 Feb. 15-29 as **J52AG**. Try local morning and evening hours (sunrise 0720Z; sunset 1900Z.) Feb. 19-20 Erik will operate from the Bijagos Islands (AF-020). QSL home call, but note new address: Vestag 27, 19556 Marsta, Sweden.

Peter One Island - 3Y The **3YØPI** team has had its share of problems (see Page 2), but they have been very workable on most bands, with over 20,000 contacts in the log in the first two days. They're especially easy to work on the new bands, with low-power stations with minimal antennas making quick contacts. Every DXer who wants a 3YØPI contact should have one before they leave around Feb. 18. Sometimes the operators omit their ID; listen carefully before calling.

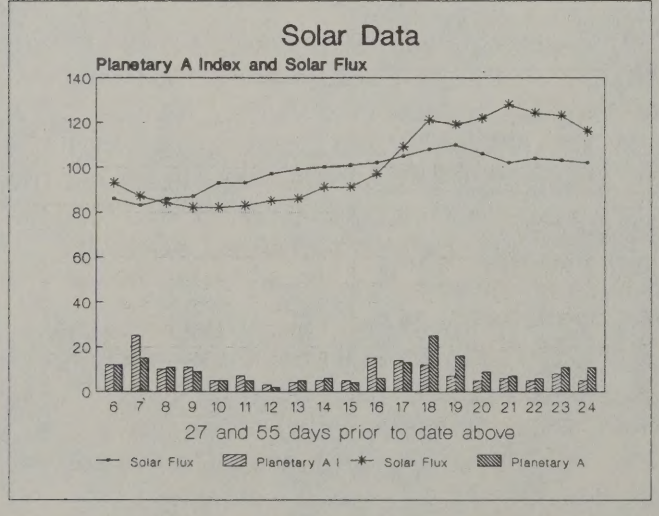
Propagation Watch

The **3YØPI** team has had to contend with bad weather: both snow storms and high winds, and geomagnetic storms. The former have wrecked low-band antennas, howled so loud that copy is very difficult, and made the passage between sleeping and operating tents very hazardous. They were very fortunate to have two days to fine weather when they landed.

However, the geomagnetic storms have been worse, reaching Severe at times (the highest level). The polar and auroral latitudes have been especially affected, with high absorption eliminating low-band propagation, and maximum useable frequencies (MUFs) depressed by as much as 50%. On Feb. 7, the propagation forecast for Peter 1 Island was W1, the lowest possible reading!

While this severe geomagnetic storm will have subsided by the time you read this, we expect increased geomagnetic activity over the next week, due to recurrent coronal holes. Fortunately for DXers (but maybe not for the DXpeditioners), the 3YØPI pick-up boat is six days behind schedule, with the operation presently set to end on Feb. 19. Even with poor band conditions, DXers should have adequate opportunity to work Peter 1 Island during the next week. Good hunting!



1994 *Callbooks*

Mike Klein KC3NE is offering discount closeout prices to The DX Bulletin readers on the 1994 Radio Amateur *Callbooks* (Flying Horse, of course!) The North American and International editions are $25.50 each, $47.50 for both, **including** UPS shipping to the contiguous 48 states (via regular mail to KH6, KL7, and possessions.) Free 1994 ham calendar, too. **Supplies are limited.** Do DX orders, please. Send check or money order to Mike Klein, Box 306 Cheltenham PA 19012 (215-569-6738).

Peter 1 Island Coffee Mugs

You can drink your coffee from the same mugs as the 3YØPI DXpeditioners! These black mugs feature a map of Antarctica, the 3YØPI callsign, and "I Helped Make It Happen." The mugs are available for a donation of at least US$20 from Robert Schmieder KK6EK, 4295 Walnut Blvd., Walnut Creek CA 94596. 3YØPI DXpeditioner KK6EK's fiancee has 100 of the mugs ready to send out while she awaits Bob's return. All donations over the cost of the mugs will be sent to AA6BB with a full accounting. Make checks payable to Robert Schmieder.

QSL Information

- QSL the Croatian contest call **9A1A** via the Croatian Contest Club's new address: P. O. Box 108, 41001 Zagreb, Republic of Croatia. Club members can also be QSLed via this address: **9A2s DQ AW MP OG KL UA RA** and club secretary **9A3RA**.
- QSL **T94KW** and **T96RNR** via Szabó László HAØHW, P. O. Box 24, H-4151 Püspökladány, Hungary. Note that getting logs out of war-torn Bosnia-Herzegovina is very difficult, so expect some delays. He also handles cards for **XU7UK**.
- QSL **NH6MG/TG8** direct to David Stutz, Apdo #79, Huehuetenango, Guatemala, Central America, without any callsigns on the envelope. Dave says "I will gladly return a card in exchange for a recent communications magazine which is donated to the local radio club." His *Callbook* address is no good.
- QSL **1B/KUØJ** via Igor Zdorov, 5980 Anna Ave., #308, Minneapolis MN 55432. (His *Callbook* address is incorrect.)
- The **VK9MM** cards are slowly coming out of Australia. A commemorative t-shirt is available from VK4CRR for US$10, in L XL or XXL.
- Gary NM7G reports that he has not received any logs from **Z21CA** for two years, and hence is unable to help with cards. He suggests trying directly to James Finch-Smiles, Private Bag T-5400, Bulawayo, Zimbabwe. No US$1, but IRCs would be appropriate.
- The **Moldavian** Amateur Radio League's QSL bureau is managed by Valery Metaxa ER1DA (ex-UO5ODA). Send cards to the bureau at P. O. Box 6637, Kishinev 277050 Republic of Moldova.
- QSL **BZ4DHI 3A/I1YRL 3A/I1QOA** and **3A/I1ZB** via Luc Glarey I1YRL, Via S. Martino 11, 10091 Alpignano, Italy.
- QSL the Aland Island operations of **OHØLQK OHØMEP OHØMFP** and **OHØMYD** via the OH3 bureau, or direct to P. O. Box 179, 33101 Tampere, Finland.
- QSL the November 1993 operation of **S21ZX** via operator JA4ENL. He also has logs for **V85NL 9M8KT HS5AID V85SS** and **VP8RX/RY**.
